Restoration Brunch/Meeting – Margaret

- Sunday – 11am – at Margaret's house

General Meeting – Margaret

- Thurs. Nov 5th, 6pm, Natural Sciences II Room 2201
- Donna Krucki – mountain lions in Santa Ana mountains
 - From OC Parks
- Margaret will contact her to get title of talk – look in meetup event
- Tadj will get food
- Tova – email professors, make copies, put post until date, put up on Monday
 - Lizettep@uci.edu -- Lizette Perez will email all of EcoEvo – send email to Jess and she will send it to Lizette
- Robert will email Tova the finished flier by the end of the week
- Next talk will be Dec 3rd – Gordon Pratt – butterflies!
- Speakers – Jess
 - Fiona Nagle – conflict resolution and policy, conservation work
 - Going to climate change meetings in Copenhagen in Dec. and wants to come talk to us about what it is like to be at those meetings
 - Jess will get in contact with her about future meetings

Fundraiser, CSA – Margaret

- 15 people signed up
- We got \$5 per box -- \$600 total!

- Can join throughout the 8 weeks and pay for the remainder of the weeks that are left

Stickers – Jess

- We have a couple hundred left, Jess has them
- Expensive, so we can't just hand them out
 - More expensive than the SCB metal pins
- Klean Kanteens come with sticker on it
- If we sell for \$2 each, we will break even

Klean Kanteens

- No more left
- Tadj will order more – we should order 18 bottles for now – maybe more? HOLIDAYS!!!
- We are now at wholesale price because we have bought so many before
- We didn't decide if it was \$20 or \$18 – need to figure out how much we will sell it for (including shipping and sticker)

Focus the Nation shirts

- We sold a lot of them at Earth Day for \$10 per shirt
- We probably have 40 or 50 shirts left
- They are in Jess and Riley's garage
- They also have the canvas bags

Blog and Advertising – Brian

- Tova – write about MPA meeting on blog
- Anyone who wants to write about something can do it when they have time, and then select a date that you want it to be posted so it doesn't have to be posted all at the same time
- Everyone – post profile pictures on the blog!
- Brian – fix Robert's blog to not be pending anymore, make everyone an administrator
- Different sections on blog
 - Products – at next general meeting, bring the products to take pictures for the blog to advertise them

- Restoration project
- Etc.
- Company sponsorship should be on sign at restoration site
 - We should count how many people walk past that area to tell sponsors how valuable it is
 - We should get permission for a sign to be placed there – and later a bench
 - Discussion of signage at restoration site will be continued at Restoration Brunch at Margaret’s house on Sunday

More advertising – Emily

- Twitter account and facebook group has been created
 - Hasn’t been posting anything to either yet – wants to wait for a few more meetings
- Brian will email Margaret about what our Linked In ID is

Conservation – Barry

- Center for Biological Diversity is suing for not including pika (rodent in mountains) on species list that is affected by climate change

Research – Riley

- Contacted by professor from CSU Fullerton
 - Wants to get minority representation in ecology – undergrad students to come over in this area to work on some projects
 - Wants to see if they get a grant before they give us more info – we will see in Jan/Feb
- Contacted by a woman who is interested in research
 - Maybe we can connect her with monitoring mammal project
 - Mammal monitoring project needs to be revisited – make it solid and simple, more focused
 - We can get some advice from Bob
- We need to makeover our research group – figure out our role, etc.

Miscellaneous

Jess won’t be here next week for the meeting
