

OCSCB Board and Core Meeting

6/10/2010

In attendance: Margaret, Barry, Tadj, Cynthia, Nicole

Fundraiser meeting: Community Outreach Lending

- Community Outreach Lending is a funding partner of American Financial Services
- They offer various loans (FHA, VA, Conforming and Jumbo Conventional)
- They have an office near campus
- Their goal is to increase revenue for local nonprofits by 40%
- Achieve this by allowing clients choose among a list of nonprofit organizations to donate to for every loan they make
- There is no contract (we can decide when to stop involving ourselves with this)
- We are first on the list of environmental groups

Where do we fit into this? There are several ways for us to participate

- Put a logo of their company on our website with a link that lead directly to their website
- Advertise for them in our fliers
- If we sponsor a community event, they can set up a booth and bring awareness to the participants about their program
- Monthly mailer to our members
- Etc.

Action Item:

Barry: choose a meeting time for the board and core members to meet up and talk with their representatives

Robert: Put "Tree of Life" as a sponsor on our website
